## Outstanding Features with Built-In Quality

### Large, Easy-to-read Colour Display

The handset's 80 x 102 pixel-display offers a bright, colourful icon-based menu that's easy to see and easy to use. Operation mode and current status are clearly displayed either in standby mode or in use. The background image is selectable so you can change it to suit your preference.

### Customisable Caller ID\*1

You can customise your Caller ID so that you quickly identify a caller by assigning a "category colour" from 5 different colours (blue, yellow, green, cyan, white) to be displayed on the LCD screen, as well as any of 20 pre-installed ringer sounds.

### SMS: Text Messaging\*2 (English message only)

Now the convenience of sending and receiving text messages is available from a home telephone.

### Polyphonic Ringer Melody/Tones on Handset

You can choose a high-quality ringer sound from 14 pre-set melodies and 6 ringer tones.

### 200-Name & Number Phonebook (Handset)

Stores 200 station names and numbers in the handset's telephone directory to be recalled easily.

### Phonebook Copy†

Phonebook copy lets you transfer the stored names/numbers to another handset for added convenience.

### Hands-Free Speakerphone on Handset

Just press the button for hands-free talking. You can do something else while you continue talking.

### Voice Enhancer

The voice enhancer applies equalisation to enhance high and low frequencies so the other party's voice is clearer and easier to hear.
